

NIMBUZZ Configuration

Nimbuzz SIP settings with mycaller VOIP service.

STEP 1

Click on OPTIONS and then
SETTINGS,
Choose SIP from the list

STEP 2

Choose "Other" from the list.

STEP 3

Username:
12345@66.235.180.11
(12345 mycaller User ID)
Password: Password of
mycaller VOIP account
Proxy Server: 66.235.180.11

STEP 4

Once Nimbuzz is registered
you can see "SIP Other"
option as connected.

STEP 5

Once Nimbuzz is registered to make a SIP call:

1. Choose "Phone Book" and then "Call" in your address book and press Options using your left soft key.
2. From the Call mycaller VOIP menu, choose "Internet Call". Your call is made using the mycaller Voip account you have added. Enjoy mycaller Voip International Calls!
